

EMERGENCY ASSEMBLY POINT

°Housing°

Your building emergency assembly point for LEVEL 2 EVENTS (impact large portions of campus) is Stilwell field . This location has been selected due to its distance from power lines, gas lines, and high temperature water lines.

For more information about Emergency or disaster planning at the University of Utah or to locate Additional Emergency Assembly points view the map at ehs.utah.edu or contact Environmental Health and Safety/Emergency Management at 1-6590.

For more information about Individual building emergency assembly points for level 3 and 4 events contact your supervisor or the University Fire Marshal at 1-6590.
