**Question: I saw someone hanging out around our apartment buildings. They weren't doing anything but I still felt a little nervous. Should I call security about this?**

**Quick Answer:** Yes. See something, say something.

**Long Answer:** Please call security or report online if you ever see anything that seems a little unusual or suspicious, or makes you feel uneasy. See something, say something. Go to <https://safeu.utah.edu/how-do-i-report/> or call Security at **801-585-2677** to report *any* kind of security threat or concern you have. It's better to have security check on something, even if it turns out to be something non-emergent.
