

Resident Council Meeting

Date: 3/8/21

Attendees: Rachel Griffin, Kori Rhodes, Hayden Lott, Brette Barney, Maddie Weller, Valerie Green, Daniel Frentress

Issues and Projects

Unresolved/Upcoming

- We are working with residents to get a community watch program going to increase security in the villages. Concerns addressed about security personnel sitting in one spot. Valerie will reach out to Campus Security to talk about that.
- Election materials are out via posters, email, and FB. Elections committee will be handling resident bios, declarations of intent, and questions related to elections.
- Resident Forum is coming up. Webinar access will be given a few days before the forum. We will be addressing elections, security, ESA's, budget, communication plans, and other resident concerns. We'll do a raffle for two \$20 rent reductions for those who attend.
- Garden season is coming up. Plots opened the 15th of March.

Resolved/Past

- Text Line is working really well. Lots of residents are using it and it seems to be an easy way to communicate.
- Food pantry is running smoothly after a very successful food drive.

Policy Reminders

All dogs must be leashed in all parts of the Village.

Upcoming Events

April 24 - Resident Forum
